

MY DREAM FOR ALL CHILDREN

JANET HUBERT

I HAD A DREAM FOR ALL CHILDREN

As a little girl there were no images of me!

**There were no brown dolls.
There were no brown cowgirls, or
brown moms.
There was no one who looked like me
on TV or movies.**

LITTLE
ME

**When I grew up and finally started
seeing me, I could believe in me! I
never imagined I would become a role
model**

**Children believe in themselves, when
they can see themselves!**

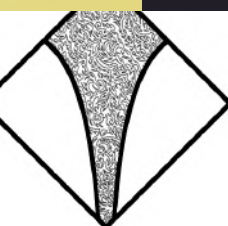

I became a symbol for millions of little girls, and moms who felt just like I did, but in 2023 the problem still exist, especially for young boys.

Images are still stereotyped, and learning has gone to the wayside, and we are simply NOT all the same

I created JG and the BC Kids to bridge the gap between learning, fun, and great music.

Bringing book smart kids and street smart kids together to create life smart kids. JG and the BC Kids delivers on all levels.

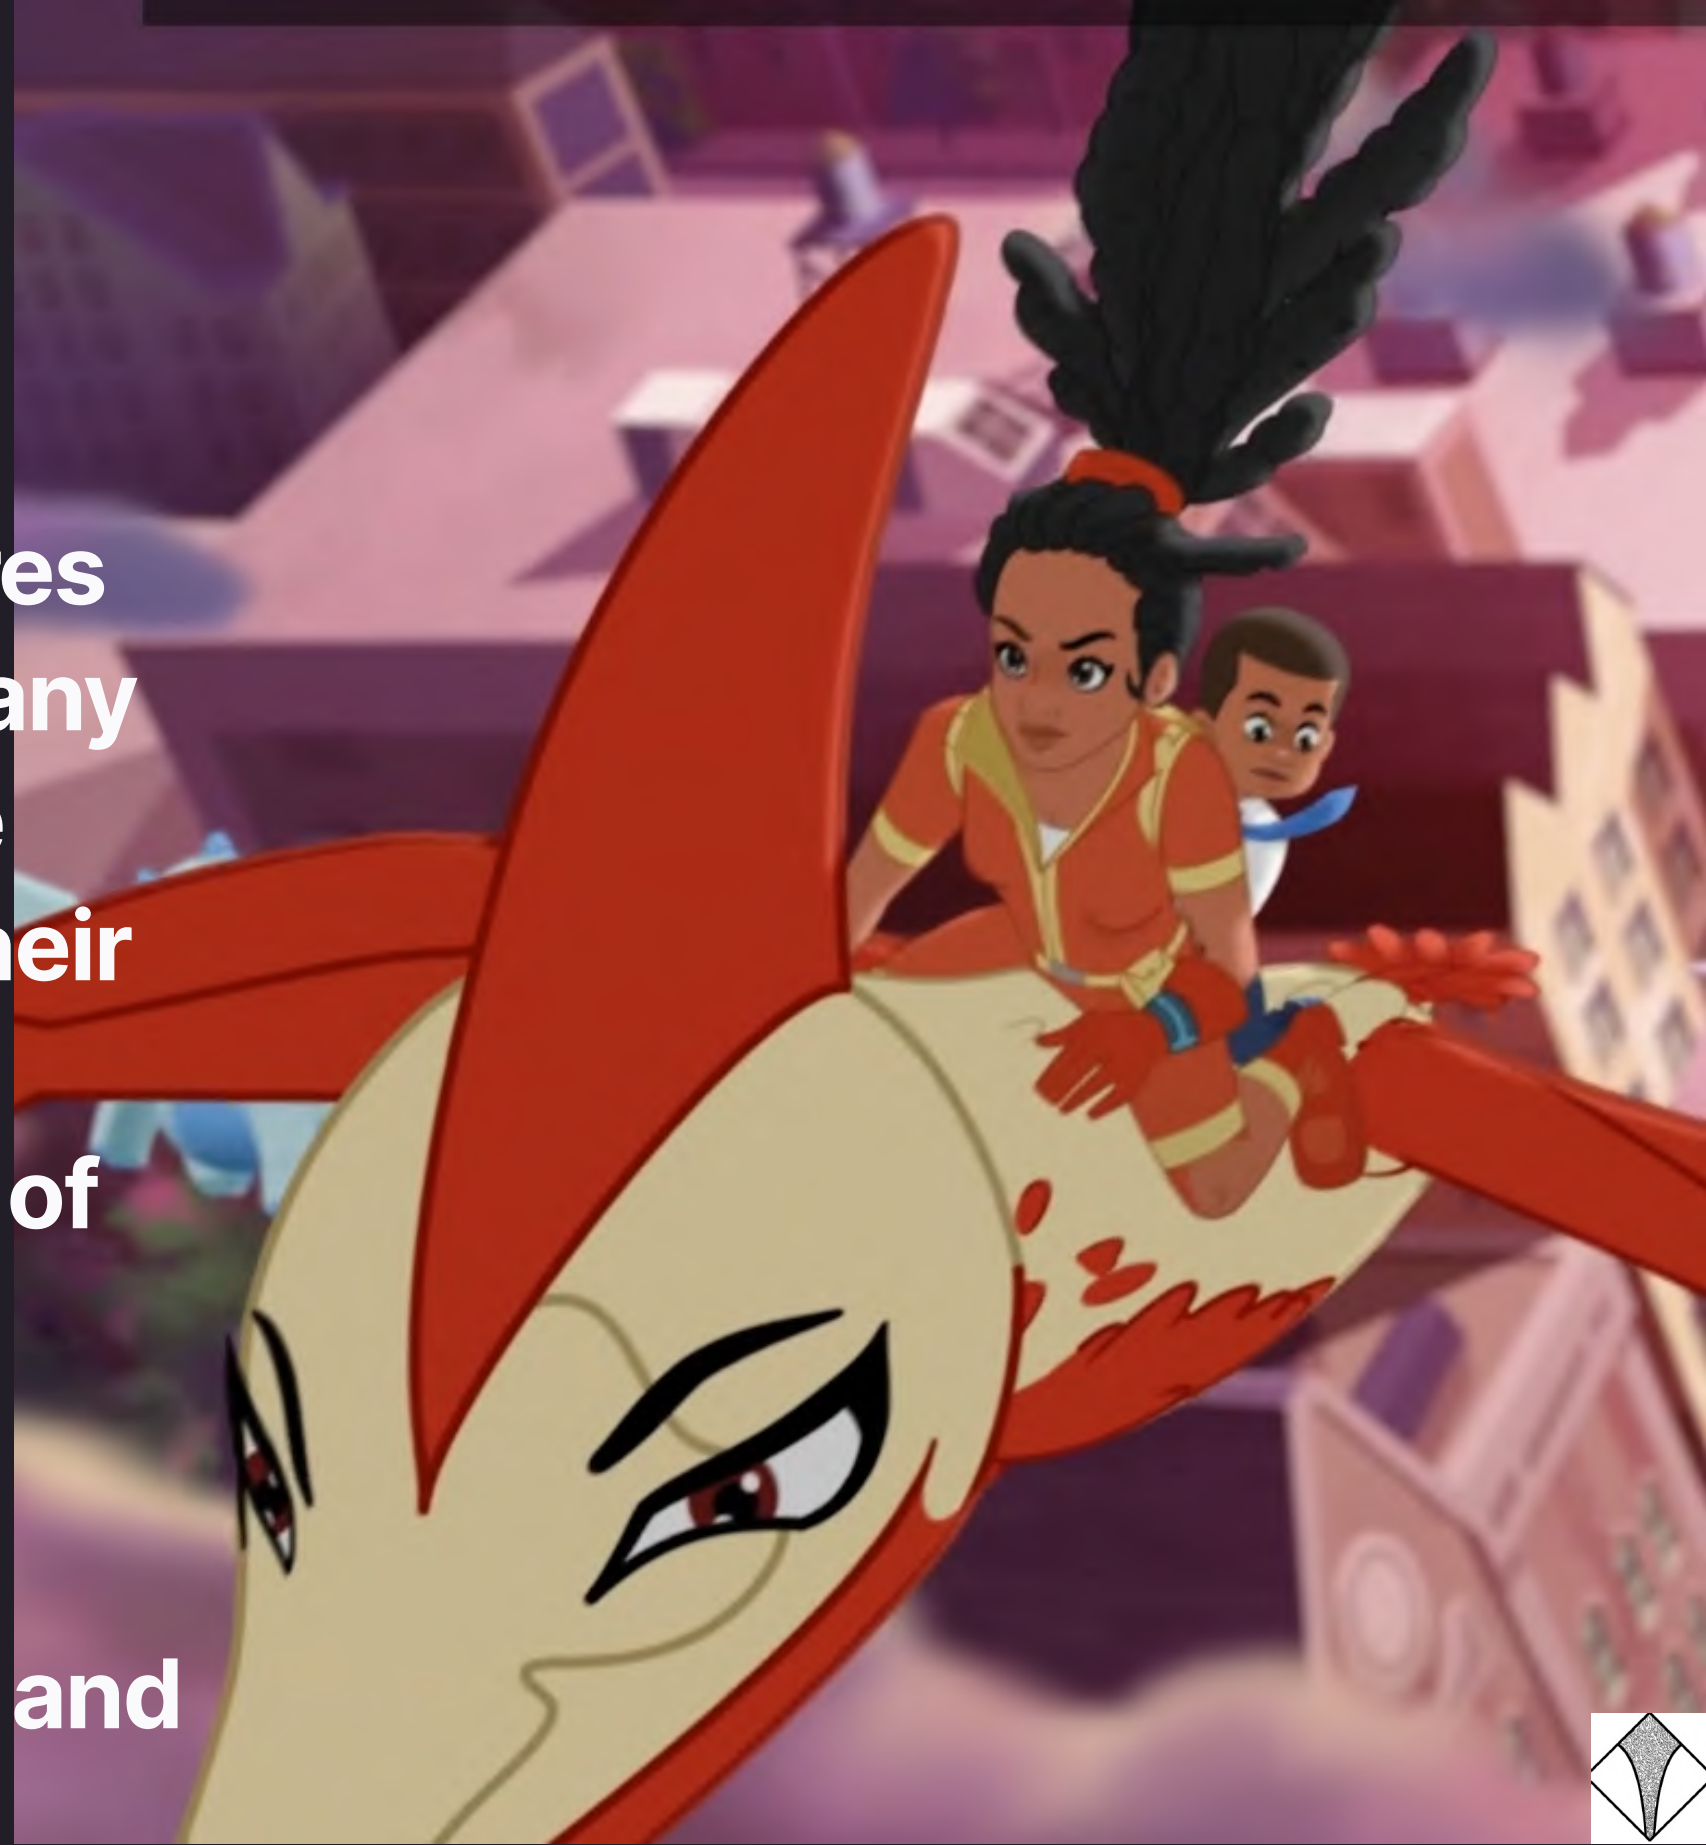

No we are not Dreamworks, or Disney, we are few but we are big on talent and passion to bring children, who dare to be different, hope, good clean content, and amazing stories.

WHO IS J.G.

Bullying is everywhere these days. I dressed as this character and went into stores and sang songs to the kids. Yes I have had many roles in my career, but my mission to stop the damage that is done to children far beyond their days in school became my absolute mission. Hence, JG was created, she is a combination of streets smarts and book smarts. Both are needed to survive and I needed them myself. JG and the BC kids is created out necessity. Many thanks to Westbrook, ENME and my creative dream team come true! 🏆

Dreams can't come true, unless you **WAKE UP** and **MAKE THEM HAPPEN!**

A row of brownstone townhouses with a sidewalk and trees. The scene is captured during the day with soft lighting. The townhouses are multi-story with prominent windows and small front porches with steps. A sidewalk runs along the front of the buildings, and a street with parked cars is visible on the left. Lush green trees line the street, and a decorative wrought-iron fence runs along the sidewalk in the foreground.

MY GREATEST ROLE IS BEING A MOTHER!

WELCOME TO THE WORLD OF JG AND THE BC KIDS!
